

SAVING YOU MONEY

Performance Guarantee

Dear Valued Customer:

Thank you for your consideration of our HemiPleat cartridge filter. HemiPleat has literally revolutionized the dust collection industry. We have helped customers all over the world extend the filter life in their existing cartridge-style dust collector by putting in HemiPleat filters.

The HemiPleat will

- run at a lower pressure drop (to save energy),
- meet or exceed current collection efficiencies,
- and last longer—*or your money back.*

It is a no risk trial. We have been able to extend the life of the filter in 99% of installations, so we are confident in extending this guarantee to you.

We guarantee you will be satisfied with the performance of the HemiPleat or we will fix it. If we can't make it work better than what you were using before HemiPleat, we will give you your money back in full.

Thank you,

Lee Morgan
